TRIP THROUGH MAINE

President Roosevelt Views Beautiful Scenery and Meets People.

VISITS BLAINE'S FORMER SANCTUM.

Train Stops at Various Piaces Where Brief Speeches Are Made to the Assembled Crowds-Ineldents of Journey.

Bangor, Me., Aug. 28 .-- The special train bearing the president and his party arrived here at 12 o'clock, on schedule time. The president was met at the train by President Beai of the Eastern Maine State Fair association, Senator Hale, Congressmen Littlefield, Powers and others. The party immediately started for a drive about

The special train stopped at a number of piaces where President Rooseveeit addressed the crowds briefly.

At Augusta he was taken for a drive about the city and shown the beauties of the scenery along the Kennebec river. The president was the guest of Governor Hill during the night. The governor's house has become historic because of the fact thate it was the home of James G. Blaine, and the president occupied the identical bedroom used by that statesman. He also visited the Kennebec Journal, of which Mr. Blaine was formerly editor and saw Biaine's old desk,

Troops Are Hooted.

Tamaqua, Pa., Aug. 28.—The fact that striking miners in Panther Creek vailey are in a very ugly mood was shown when several of the poles of the troiley lines which runs from this place to Summit Hill were chopped down and the wires cut. This was probably done to prevent troops from being taken from Manilla park, where they are encamped, to Lansford and Summit Hill. Major Gearhart outwitted the strikers, however, by taking two companies of soidiers to Summit Hiii an hour before they were expected. In Lansford, Summit Hill and Coaidale the detachments of soldiers that were sent out at daybreak to preserve order and protect non-union men were greeted by large crowds of strikers who hooted them and called them names. At Coaidale the soldiers and force the mob back from the

The Mueller Heirs.

Prague, Bohemia, Aug. 28.—There is much local interest in the investigation being made by the United States consui, Ethelbert Watts, into the numerous claims for shares of the estate of Johann Muelier, an Austrian subject who died in Minnesota during the year 1900. Mueller ieft a farm believed to be worthiess, but which is now reported here as worth \$5,000,000 in consequence of the discovery of minerals on the property. Among the claimants are an alleged deserted widow and children.

indians Trespass.

Phoenix, A. T., Aug. 28.—For some months past Apache Indians have been securing permission to leave the reservation and have been gathering at the abandoned Fort McDowell reservation, until now there are about 300 there. Settiers in that vicinity are compiaining of their trespassing on melon and grain fields and their threatening language when driven out. Settlers bave petitloned the governor to aid in securing their return to the reservation, as they fear troubie.

Klondike Washery Burned.

Hazleton, Pa., Aug. 28.-The Kionoperated by Joseph Seager of this piace, was destroyed by fire of un- make yourself unduly prominent in loknown origin, causing a loss of \$7,000, partiy covered by insurance. The washery suspended operations when the strike began, but resumed two and two attempts to resume this week were frustrated by the strikers.

Applicants For Work.

Wilkesbarre, Pa., Aug. 28.-President Mitchell of the United Mine Workers said that be had no comment to make on the meeting of coai operators heid at the office of J. P. Morgan in New York. A large number of men are supposed to have gone the Lehigh Valley Coal, company. At the office of the company it was said that applications were considered for severai hundred new men.

Galveston, Tex., Aug. 28.-General Hanager Nixon of the Gulf. Colorado and Santa Fe states that the strike of the machinists in the company's shops at Cieburne and other points has been declared off. About 700 men are in-

SMITH'S EXPERIENCE.

A Railroad Contractor Escapes From Ecuador on a British Boat.

New York, Aug. 28.—On the British steamsbip Colombia, Jackson Smith, American resident of Guayaquil, Ecuador, who had made himself persona non grata with the Ecuadorean authorities, was enabled to escape from Guayaquii, Smith was taken to Panama whence he proceeded to New York. Smith was a sub-contractor on the railroad to connect Guayaquii with Quito, the capitai, up in the Andes. He is said to have accused a prominent citizen with drunkenness, was arrested for libel and fined \$1,500 in gold. Smith refused to pay the fine, and having been placed in jaii, United States Consul Leon demanded his re iease When the case was reported to Washington the cruiser Philadelphia was sent to Guayaquii, but the consui was relieved.

When the Colombia reached Guayaqull on the way up the coast, a smail boat containing Smith and a friend met the steamboat just before dawn and the men were allowed to climb abroad. A few hours later the captain of the port went out to the Colombia for the purpose of taking Smith ashore, but he had hidden in a safe place and was not apprehended. Mr. Smith formerly was assistant

general passenger agent of the Louisviile and Nasbville railroad, headquarters in Cincinnati.

Arrival of Chinese Crew.

San Francisco, Aug. 28.—The 250 Chinese intended for the crew of the Pacific Mail steamer Korca, arrived here on the steamer Gaelic. Collector of Customs Stratton has again notifled the steamship company that the Chinese must be detained on the Gaelic and not even be allowed to enter into the detention shed, pending a decision by the treasury department and the commissioner general of immigration. The sailors' union of the Pacific coast has entered a strong protest against the transfer of these Chinese to the Korea. The union contends that the Chinese cannot be transferred to the Korea without bringing them ashore to be signed before the United States shipping commissioner, and that the act of bringing them ashore would constitute a violation of the Chinese exclusion act.

A magnificent cop of barley which has additional \$50,000,000 was needed to already been harvested, together with rice fields, will put Koreans in an enviable position.

Politics Defined.

Washington, Aug. 28.-The part which postal employes are to be permitted to take in a political campaign is outlined in the following instructions which Acting Postmaster Generai Wayne bas addressed to a postmaster who sent a letter of inquiry: "in reply to your letter you are informed that you are not prohibited from joining a political club, or making voluntary financiai contributions outside of a government office or building, nor from acting as n delegate to a county, state or congressional convention. You should not, however, serve as chairman of a state or county comdike wasbery at Tresckow, owned and mittee, nor take active part in conducting a political convention, nor cai matters."

Russian Troops to be Withdrawn.

Tokio, Aug. 28.-M. Pavloff, Russian minister to Korea, who has been weeks ago. Strikers raided the plant visiting Japan, has returned to Seoul. and closed it on Tuesday of last week Regarding the question of the evacuation by Russia of Manchuria in officiai quarters, information has been received to the effect that preparations for evacuation have begun in Kincbow, midway between Shanghai-Kwan and New Chwang. In the course of six months after the signature of the Manchurian agreement. April 8, the Russian troops from the southwestern portion of the province to work in the Dorrance colliery of Mukdier as far as the Lias river are to be withdrawn and the railway is to be restored at the same time,

The fourth ballot redent Charles S. Asbley, mayor of New Bedford, Mass.

STEEL TRUST'S REPLY.

Auswer to Complaint of Hodge and Others on Proposed Changes.

NEED OF THE MONEY IS EXPLAINED.

The Document Emphasizes the Point That the Conversion Plan Would Reduce the Fixed Charges of the Company.

Trenton, N. J., Aug. 28.-The United States steel corporation filed in the court of chancery an answer to the amended bill of complaint of J. Aspinwali Hodge, Bernard Smith and Wiliiam H. Curtiss to restrain the proposed conversion of \$200,000,000 seven per cent preferred stock into \$200,, 000,000 five per cent second mortgage bonds. The answer denies that the books of the corporation show Curtiss to be the owner of any stocks of the concern. Smith, it is averred, did not own any stock of record until June 24, 1902, after the pian of conversion bad been adopted, and that the stock now recorded in Smith's name was voted in favor of the plan.

Hodge, it is admitted, owns 100 shares of stock, but it is alleged that he was not present at the stockhoiders' meeting when the pian was submitted and that his stock was not voted either by himself or by proxy. It is denied that 15 or more of the directors of the Steel corporation are members of the syndicate through the preferred stock was to be converted into bonds. It is admitted that some of the directors are members of the syndicate, but that this fact was communicated to every stockholder in the circular of April 17, 1902, in the following words:

"To further the success of the plan there has been formed a syndicate inciuding some directors who will receive four-fifths of the four per cent commission to be paid under the contract with J. P. Morgan & Co., mentioned in the notice of stockhoiders'

The answer says the directors in the syndicate are a minority in the board of directors, but that they are large stockhoiders and favored the conver-Yokohama, Aug. 28.—The extraordi- sion plan, because they believed it nary weather this year in Japan makes | would be advantageous to them as stockholders. It is denied that any stockhoiders had been offered special gloomy. The thermometer has hard-terms in connection with converting iy reached 90 degrees in the open and their preferred stock into bonds in order to secure their affirmative votes 65 to 75 degrees. Heavy rain has fall- for the plan. It is denied that the en, culminating in typhoons on July 10 \$50,000,000 of additional capital which it proposed to obtain was needed for purposes that were chargeable to the

earnings of the company. The answer then takes up the line of argument made in the affidavit of George W Perkins, chairman of the finance committee, flied last week, in which Mr. Perkins claimed that this pay for improvements and to give the company a larger surplus to permit it to do a cash business and be protected against a money stringency in the event of a business depression. The answer says the earnings of the corporation for the year ending March 31, 1902, were \$111,603,054; for the month of April, 1902, \$12,320,766; May, \$13,120,390; June, \$12,220,362; July, estimated, \$11,900,000, or at the rate of \$150,000,000 a year. An inventory is filed to show that the company's property is worth \$1,400,000,000 more than the combined par value of the preferred and common stocks.

it is stated also that the company's surplus is \$65,000,000. The nnswer emphasizes the point raised by Mr. Perkins to the effect that the conversion pian would reduce the fixed charges of the company and be advantageous to aii stockholders, both preferred and common.

Favors Arbitration.

Pittsburg. Aug. 28.-Justice Shiras of the United States supreme court. who has just arrived in Pittsburg from a iong vacation spent along the northern shores of Lake Superior, refuses to discuss his reported retirement from the bench further than to say that President Roosevelt would be the first person to learn of it and that he had not received the announcement yet. On the subject of the anthracite coai strike Justice Shiras said: "Arbitration is the logical method of settiing iabor troubles such this one, which affects the general prosperity and comfort of a great section of the country. The method and enforcement of this arbitration is a subject for the lawmakers of the nation; but arbitration itself is iogical."

CONVICT O'BRIEN

Vows Death Upon a Deputy Sheriff For Convicting Him.

Butte, Mont., Aug. 28-With officials of the state penitentiary upon his irail, assisted by bloodhounds, Convict Tom O'Brien, who last Friday made a daring escape from the state prison, has sent a communication to the Miner, pleading for a public statement of his alieged crime and vowing the death of Deputy Sheriff Dave Morgan, whose aileged perjured testimony, the convict declares, sent him to prison and wrecked his home. The document received by the Miner bears the post mark of Anaconda. The writer dates his communication from a mountain in the surrounding hills of Anaconda and says that he wrote his story behind a rock, dividing his time between his Winchester and his

The communication is a literary freak and no question as to its authenticity, as the handwriting has been fully identified by the warden of the penitentiary and others acquainted with the criminal. O'Brien declares his sole object in escaping from the prison is to kill Deputy Sheriff Morgan. O'Brien was sent up for robbery

Details of Hoadley's Death. Rochester, N. Y., Aug. 28 .- Some additonal detalls regarding the death of ex-Governor George Hoadley of Ohio, which occurred at Watkins, N Y., Tuesday evening, have reached here. The ex-governor, who since 1887 has been practicing iaw in New York city, went to a santarium at Watkins some weeks ago with the hope that he might regain some of his iost strength. Up to two weeks ago he was abie to be about the grounds of the sanitarium, but his age count ed against him and bis strength gradually failing, he was forced to take to his bed from which he did not again rise. The remains, accompanied by the family, will be shipped to Cincin-

Senate Decides That Members Have Right to Introduce Bills.

LEGISLATURE ADJOURNS FOR A WEEK.

Series of Public Hearings on the Municipal Code Bill Arranged For by the House Committee.

Columbus, O., Aug. 28.—The session of the senate was given over to a discussion of two propositions One was on the reference of the code bill, after its second reading, to the senate as a committee of the whoie, and the other was on Senator Longwor,th's motion, the consideration of which was carried over from Tuesday, to reject the arc light bili offered by Senator Thompson, and thus hold the session down to the consideration of the code bill and the repeal of the Royer

A tie vote resuited on the reference question and ideutenant Governor Gordon, wno has n vote in case of a tie decided in favor of referring the code bill to a committee of the whole. This means that the code bill will be taken up and considered section by section, and that public hearing will be granted in accordance with the program announced by Senator Longworth, though it remains to be ratified by the senate.

The Longworth motion to reject the Thompson bill provoked another lively discussion, and was lost by a vote of 13 to 16. This result opens the door to general legislation and it is expected that a flood of bills will be introduced. It is almost certain that bills bearing upon the subjects of school legislation, a revision of the registration laws, and the enactment of a general salary law for county officials will now be introduced.

Senator Longworth then snatched a small victory from the jaws of defeat tries are not for saie, and will not be by moving that inasmuch as the bill absorbed by the recently reorganized had to do with a municipal power, it whisky trust. WITH President Roosevelt talking about how to curb the trusts and Senator Hanna declaring "there aint no trusts," the Republicans don't seem to be pulling together.

THE only way to strike a blow at the truets is to vote for the party whose campaign coffers are not laden with trust contributions and which the trusts force their men to vote against every time.

THE Danville Advocate thinks it must be great fun for Mr. Hanna, who some time ago announced his important discovery that "there ain't no trusts," to sit back and watch Mr. Roosevelt devising ways and means to down the figments of his own diseased imagination.

While boat riding with a party of friends on the lake at Natural Bridge, Mlss Gilkey playfully dropped her hand by the side of the boat, dabbling her fingers in the water. Suddenly she felt a sharp pain in the ring finger, and with a jerk and scream threw the fish into the mldst of her astonished companions. Marks on the finger above the ring show that efforts to secure the sparkler, which was evidently the attraction and which proved its undolng. The fish welghed full three pounds and furnished a delightful fry for the party.

THE INSTITUTE.

The Present Session is Proving a Very Helpful One to the Teachers-Discussions Wednesday.

The institute was opened on Wednesday by devotional exercises conducted

by Rev. F. W. Harrop. The subject of primary reading was taken up and discussed by Prof. Withers,

many of the teachers entering heartlly into the discussion.

Prof. Peterson then gave a very interesting and instructive lesson on "Inductive Studies in Browning." After a short recess, Prof. Grimes introduced of Schools in New Richmond, O.
